Important:

1. Please make sure all students bring sharpened pencils and a calculator that adheres to the calculator policy. The Policy can be found on the USAD website:
<https://www.usad.org/Coaches/AD-Calculator-Policy.aspx>
2. Please remind your students of the calculator policy and the requirement to erase the memory on the calculators they will be using for competition.
3. Students may not write questions down on paper and remove them from the testing room, even if the student has a question they would like to ask a coach or another student about after testing. Writing down test questions on nametags and other papers has resulted in students being disqualified in other states.
4. Please review with your students the General Rules and Code of Conduct and Dress Code. Casual attire may be worn the day of testing; however, any attire that is distracting, including hats/caps, hooded sweatshirts, jackets, sunglasses, cargo pants, or overalls are not allowed in the testing area. **ABSOLUTELY NO CELL PHONES**
